Chief's Message

Fall is one of my favorite seasons. As the leaves begin to turn it reminds me of how great our creator is, his provision, and how blessed we are to have the freedoms we all enjoy. This is also the time of year we celebrate the holidays. Thanksgiving is just around the corner, a time to fellowship with family and celebrate the many blessings we cherish. We also get to enjoy wonderful holiday foods, which sometimes I like to enjoy a little too much.

Christmas, which is my family's favorite time of year, will be here before we know it. Our Annual Children's Christmas Party will be Saturday, December 12, 2015. I love to see all the smiling faces of our tribal youth. We, as a tribal family, look forward to this day of fellowship and enjoy watching the excitement of our children as they open gifts. I encourage all tribal member's young and old, to make an attempt to attend. Our tribal staff truly enjoys hosting this event, and the children look forward to it all year. Give Mandie a call at the tribal office and let her know you plan to attend.

This is also the time of year our Business Committee is busy with the development of tribal budgets for the next fiscal year, as well as conducting other tribal business. Our enterprises continue to provide resources to fund tribal programs that assist our members in education, burial, school supplies, and our most recently added Elder Care and Disability Program. Please review this entire newsletter for more information regarding these programs.

The Business Committee recently approved remodeling the interior of Buffalo Run Hotel. The plan is to renovate the three existing floors of the hotel in phases, in order to keep as many rooms available for guests during the construction process. I am excited about these changes, and believe our tribal members and guests will enjoy the finished product. The next big project will be to take a closer look at our gaming operation, to ensure that Buffalo Run Casino and Resort provides the best overall experience possible to guests visiting our facility.

The Business Committee and I would like to wish each and every one of you the very best this holiday season. As always, feel free to stop by or call the tribal office anytime.

Regards,

John P. Froman, Chief

Why Do Kids Whine & How To Get Them To Stop

Nails on a chalkboard – that's what it sounds like to a parent when we hear our kids whine. So why do kids whine? In most cases, it's because we let them.

Yes, kids whine sometimes because they're overtired or hungry. In these cases, it's best to comfort your child and tend to her most pressing needs. But otherwise? Walk away.

Why? When kids whine and we respond, we provide a payoff that makes the behavior continue. Kids whine not to be annoying or intentionally irritate us – they're often just looking for attention.

All humans are hard-wired with two basic emotional needs – attention and power. When kids aren't getting as much positive attention as they need, they will seek it out. And to kids, negative attention is better than no attention at all. So kids whine repeatedly in the hopes that eventually they'll get the positive attention they need. When they don't get that attention, the whining and attention-seeking behavior will intensify into behaviors that seek power.

Children only continue behaviors that get results. When kids whine and parents give in, kids realize that whining gets them what they want – the attention they crave and maybe even that candy bar in the grocery checkout line. **If you don't address this behavior, it will continue well into our child's teenage years.**

But giving in to demands – like one more television show or another scoop of ice cream – isn't the only way we enable how our kids whine. Just responding, even if it's to reprimand them, gives a child payoff. Picking up the child or responding with an annoyed remark ("Enough! Stop whining!") still gives the child attention – and now they know they can do this again and again to get the same result.

So how do we deal with how our kids whine now? The first step is to remove the payoff for whining. Times of whining, meltdowns and chaos are not places to have a level-headed conversation. So pick a calm moment when everyone's relaxed – maybe over lunch or a snack – to talk about whining. Talk about the difference between a whiny voice and a normal voice, and how a whiny voice hurts your ears. Let your child know how you feel when he whines and let him know that you won't respond when he whines – you'll just simply walk away. When he uses a normal voice, you'll be happy to talk to him.

The next time your kids whine, stay true to your word. Stay calm and walk away – even our negative non-verbal reaction to whining can be a payoff. When your child uses her normal voice, be sure to respond right away, calmly and pleasantly. The first few times, the whining may be more intense, as she tries to see how long it will take for Mom or Dad to give in. But after a few times of not finding a payoff for whining, she'll realize she's more likely to get positive attention by using her normal voice.

And because whining is an attention-seeking behavior, it can also signal to parents that our child – whether toddler or teen – is craving more one-on-one time with us. Think of it in a gardening sense – instead of fertilizing and watering our good plants with positive attention, we're feeding the weeds instead with negative attention. And the weeds – the whining – get worse.

The more we can fill our kids' "attention basket" with positive experiences, the less they will seek out attention in negative ways. When kids receive the positive attention they need, behaviors like whining become less common. It's as simple as spending 10 to 15 minutes twice a day having fun with your kids individually. Do something they like to do, like reading, coloring or sports. This investment in one-on-one time will pay big rewards in good behavior. ***"Positive Parenting Solutions Blog"***

A LETTER OF THANKS

Dear Peoria Tribe,

My name is Cheslyn Mitchell. I am the daughter of Brian & Kim Mitchell, Riverton, KS and Granddaughter of the late Donald & Joyce Colleen Mitchell from Miami, OK and Mick & Paula Coombes of Miami, OK as well.

I am from Riverton, Kansas and reside there presently. I recently graduated from Pittsburg State University in Pittsburg, Kansas with my degree in Early Childhood Education. Due to your scholarship generosity, not only was I able to finish my degree, but I was also able to fulfill my dream of playing College Softball at Pitt. I was able to play softball all 4 years and finish my career as a 3-time All-MIAA selection.

Words cannot express how appreciative I am of the tribe for their continued assistance over these past years. Your commitment to the education of our tribal members through your education scholarships is a true commitment to the tribe and their future.

Thanks for everything,

Cheslyn R. Mitchell

FROM THE ENROLLMENT OFFICE

Is your State Certified Birth Certificate on file in the Enrollment Office?

The Enrollment Office is continuing to update all tribal membership files. Many members have already sent in their state certified birth certificates. To comply with Federal guidelines and be eligible for a CDIB card, issued through the BIA, a state certified birth certificate is required. Reminder; state certified birth certificates must show, state file number, state seal, state registrars signature and parentage. If you are unsure if you have a state birth certificate on file please call the Enrollment Office. If you need assistance in acquiring one please contact State Vital Records Department in the state you were born and they will assist you in how you can acquire one.

Is your name updated in your membership file?

The Enrollment Office will be glad to assist any member who needs to have their name changed. If your name has changed please update your file to your current legal name. Please bring or send in your legal documentation (such as marriage license, court order, etc.) and the name change process can begin. If you are receiving the tribal newsletter with a previous name listed on the address label, please call the Enrollment Office for assistance or send your legal documentation (i.e. marriage license, court order, etc.) so the name change process can begin. It has been observed, the postal service has been returning newsletters and other miscellaneous correspondence sent from the Tribe if a persons name does not match their postal record. The process to update your name is not an immediate event. Please update your name before a need arises as the process takes the same amount of time whether there is a need or a want for a name change.

Missing or Change of Address

We still have several members (804) listed on the whereabouts unknown list. Any and all help is appreciated in finding these members. Several members have contacted the office with an update of family members. When the Enrollment Office receives a telephonic or electronic address change, the Enrollment Office will send a change of address form to the missing member with a request for completing the change of address form. Once the Enrollment Office receives the original, signed, completed form, the address is updated and the form is placed in the members file for accuracy. The Enrollment Office must have written permission from the tribal member, over the age of 18, or the legal custodial parent, for members under 18, on file for address changes. If you know someone who has moved or a tribal member household that is not receiving a newsletter please have them contact the Enrollment Office. If you would like to send the address form to them for their completion and return or an individual can download the form from the Peoria Tribe website www.peoriatribes.com a person should; go to Programs, then to Enrollment. Under the Enrollment section there will be a change of address form highlighted in red, open the form, print the form out, have the individual (of over 18) or legal custodial parent (if under 18) to sign and return to the Enrollment Office.

For your convenience, a change of address form has been placed in the newsletter. The address for returning the form is:

Peoria Tribe of Indians of Oklahoma

Thank you to all who have and will assist in this ongoing endeavor. All help is valued.

If a member of another tribe wishes to become a member of the Peoria Tribe, they must first relinquish all membership with other Federally recognized tribes.

Section 8. Each enrollment application must be completed in its entirety and must contain sufficient information to determine the applicant's eligibility for enrollment. Applicants must list the following on enrollment applications: all names by which the applicant has been known, applicant's current mailing address, name and notarized affidavit confirming applicant is not enrolled with any other Federally recognized tribe, and signature of the applicant or signature of the person filing the application on behalf of the applicant.

Section 9. Applications for enrollment must be accompanied with a State certified birth certificate. Applications received without a State certified birth certificate will not be processed. The following must be visible on State certified birth certificates:

State Seal

State File number

State Registrar's signature

State certified birth certificates must also be recorded with the State Vital Records Division of the state of birth. The following documents **are not** acceptable when accompanied with enrollment applications:

Hospital birth certificates

Baptismal certificate (even when parents' names are shown)

Heirship records

County abstracts

Approval of birth certificates issued by foreign nations or other highest-ranking governmental sub-division with jurisdiction to issue birth certificates will be at the discretion of the Enrollment Committee.

Section 18. Changes to active membership records, such as name changes due to marriage or divorce, must be made by legal documentation (i.e. marriage license, divorce decree, court order, etc.). Active members with change of addresses and other status information must notify the Enrollment Office at P.O. Box 1527, Miami, OK 74355 or by telephone at 918-540-2535 or 1-800-259-9987. Maintenance and accuracy of membership record data is the sole responsibility of each tribal member. Each tribal member is personally accountable for correct membership record information (i.e. contact information and/or name changes). The Tribal Enrollment Office will review changes to membership records to be forwarded to the Enrollment Committee; the Enrollment Committee shall certify its recommendation of approval to be approved by the Peoria Business Committee. Changes to membership records must ultimately be passed by resolution from the Business Committee and submitted to the Miami Area Agency, Bureau of Indian Affairs.

Peoria Tribe FEMA trailer visits Roosevelt Elementary

MIAMI— The Peoria Tribe of Indians of Oklahoma paid a visit to Roosevelt Elementary School in their Federal Emergency Management Agency (FEMA) trailer Tuesday as part of National Fire Prevention Week. The trailer, also known as the FEMA Safety House, demonstrates tornado and fire safety through real life scenarios and procedures. In the spring, the tribe visits local schools in preparation of tornado season. The correspondent in the trailer demonstrates what a tornado sounds like with realistic sounds of glass breaking, high winds and tornado sirens. In the fall, the tribe focuses on fire safety due to the changing weather. The trailer houses a smoke detector to exemplify where it should be placed, how to test it and what to do when it sounds.

Erin Arnall, environmental specialist for the Peoria Tribe, was the correspondent on the trailer. “One of our programs is a community outreach program,” Arnall said. “This is also our multimedia trailer. It allows us to do fire and tornado training. In our area, we want to prepare children for events that would normally scare them. “If a fire comes, we want them to be prepared and not panic. We want them to know how to get out. If a tornado happens, which seems to be more frequently these days, we want them to be prepared. We don’t want them to get hurt.” All of the 250 elementary students at the school visited the safety house during their art class. Arnall met with the children inside and discussed what to do in a fire situation, showed an educational video and answered questions. The safety video featured Timon and Pumba from the Disney film “The Lion King,” which excited the crowd of the children. Timon and Pumba explained what causes a fire with the fire triangle. On each point of the triangle there was oxygen, fuel and heat which are the three things needed to start a fire. The characters also stated how dangerous is to breathe in smoke and sang a song on how to get low to the ground if smoke is seen. After the film, Arnall answered questions and showed how smoke rises to the ceiling with a smoke demonstration. Inside the trailer is a smoke simulator to reenact smoke from a fire and what to do when the situation occurs. The smoke simulator is only a fog machine and not harmful to the children.

“The smoke simulator is kind of a game, and it makes it fun for the children with interactive learning,” Arnall said. “At that age, they don’t understand that the smoke rises, so this helps them visualize how the smoke stays towards the ceiling. It’s important for them to get on their hands and knees and crawl.” Arnall also discussed the significance of smoke alarms, to never going back in a house that is on fire, how to check the door if there is a fire and to never hide from first responders. At the end of the day, Arnall said she usually ends up learning things from the children. “One child brought up a good point that I never thought of,” Arnall said. “She asked what happens when I go outside to my backyard and my gate’s locked. It’s a great question. “Some parents are good and have a plan, but not everyone thinks of that. We want to make sure the children are prepared when they go home and help them implement a plan with their family. By touching the one child, we also hope to touch a family and make impact where we can.” Another lifesaving tip Arnall mentioned to the children are portable ladders that hook onto a window for evacuation purposes. “An apartment building surely has a fire escape but most houses and some apartments don’t,” Arnall said. “They make a ladder that rolls up into a bundle. There is a rope and metal chains that hook onto your window, so you can climb down during a fire.”

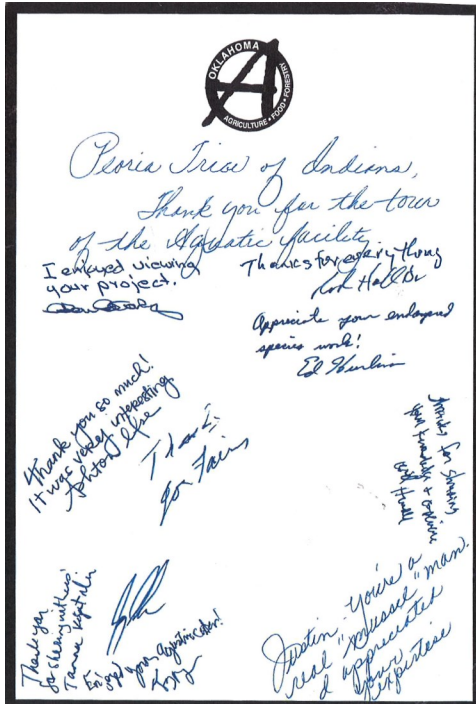

Arnall said the tribe will visit three other grade schools this week in the FEMA trailer. The trailer will be stopping for a visit at Wilson Elementary on Wednesday, Washington Elementary on Thursday and Nichols Elementary on Friday from 8 a.m. to 3 p.m. each day but for a half day on Wednesday. “At this age, children are like a sponge, but also when something happens, they’re most likely the ones to panic and hide,” Arnall said. “I have a good friend who is a firefighter. “There’s two main things he wants me to teach the kids. One, never be afraid of firefighters. They are here to help. Two, they want the kids to never go back into their house during a fire. Their materials can be replaced, but their lives are irreplaceable.”

Roosevelt principal Melissa Bekemeier said the children visited the Coleman Theatre Monday and really enjoyed the show put on by the Miami Fire Department. “The kids love it, and it goes a long way,” Bekemeier said. “They need to be aware and conscious of fire safety.”

The main goal of the fire safety program is to save lives. “I hope to save at least one life,” Arnall said. “I pray that these kids never face anything like that in their entire life, but if one child is put in that situation and lives because of it, then job well done.”

To the left: Devon Robison's second grade class visited the FEMA Trailer on Tuesday for National Fire Prevention Week. The trailer houses a smoke detector to exemplify where it should be placed, how to test it and what to do when it sounds. Erin Arnall (right), environmental specialist for the Peoria Tribe taught the children how to stay calm during a fire, ways to escape and answered questions.

Dear Justin,

Thank you so much for accepting our invitation to be one of our main speakers this year for the Tar Creek Conference. Your presentation on the Peoria Hatchery Project for the Restoration of Tar Creek Fish was a session that was quite informative.

The work you are doing on this project is so very important for the future of this site, from the research of particular species to actually producing fingerlings that are truly native to the area.

We are proud of the work you are doing, please count on keeping us updated at next year's conference. Thank you for speaking and providing LEAD Agency's conference with the latest.

I look forward to continuing to work with you in the future.

With respect,

Rebecca Jim

Pictured is the Hatchery's freshwater mussel dock. We are housing our Federally Endangered Neosho Mucklets here and plan to raise them to use for brood stock in our propagation program. We will utilize this to help grow our propagated mussels so they can be tagged and released into the wild for studies.

Pictured are Neosho Mucklets from our contractor under our BIA Endangered Species grant. We are currently raising them as previously mentioned to help in our propagation program.

Pictured below is our solar project the environmental team has been working on. We installed over 200 panels totaling 60,000 watts that will soon be powering our hatchery.

Pictured above shows early progress from beginning stages of the project to completion. Pictured below are the solar panels completely installed and ready for the electricians to hook up to electrical grid.

Indian Child Welfare

Indian Child Welfare services for the Peoria Tribe of Indians of Oklahoma are available to all enrolled tribal members and, in most cases, to those who are eligible for enrollment.

The Indian Child Welfare Program (ICWP) is located in the Programs Office building. If you should need our services, please feel free to contact us there. The office number is 918-540-2535. You can ask for Doug Journeycake, Director, (Ext. 19 or Cell 918-540-4370).

Lack of Tribal Foster Homes is still an issue for the Tribes. If you are interested in becoming a Tribal Foster Home and want to open your heart and home to children in need, contact the ICWP now. You can give children a chance to have a new and better life. There are many rewards of being a foster parent as well as the wonderful results for the Tribe's children. The process is relatively simple, you fill out an application, and we will do a thorough Federal and State background check on anyone over 18 years of age living in the home. We will require you to provide four personal references that the Indian Child Welfare Program (ICWP) will contact, and then the Indian Child Welfare Director or his designated representative will do a home visit in your home. Once that process is completed, the Indian Child Welfare Program will license your home as a tribal foster home. Additionally, the Department of Human Services (DHS) has a critical need for tribal foster homes to provide homes for Indian Children in state custody.

The Tribe is fortunate that it has very few ICW cases. Tribal members should be proud of themselves and their family members, as this sets a standard that is hard to meet by the other Tribes in the area.

Indian Child Welfare

EDUCATION

Renewal applications will go out in December to all students currently receiving the Peoria scholarship. Please call the office if you are a past student and you are planning on returning to school so your address can be updated in the Education office. The Education Committee will meet in January to review all applications received for the Spring 2016 semester.

Financial need is not one of the criteria for the Peoria scholarship. Every Peoria college student is encouraged to apply. Please feel free to stop by the Peoria Tribal Office for other financial aid or scholarship information. It is never too early to obtain a scholarship application. You may do so by writing Education Director, Peoria Tribe, P.O. Box 1527, Miami, OK 74355; by phoning the Peoria office 1-918-540-2535 ext 10 or 1-800-259-9987 ext 10; or check it out on the Peoria Tribal website, www.peoriatribes.com.

Application deadlines are July 31st for the Fall semester and January 7th for the Spring semester. Incomplete or postage due applications will not be considered. Students who accept scholarship funds but do not complete their obligation for that semester or maintain a 2.5 GPA forfeit their eligibility for one semester.

If you know a Peoria student who has received scholastic honors or other special recognition at his or her school, please let the Education Director know. I can be reached at 1-800-259-9987, or 1-918-540-2535.

Special Projects/ NAGPRA

Greetings Tribal Members,

The Peoria Tribe's Pow Wow this year has been voted the best Pow-Wow in Ottawa County by the residents of Ottawa County. This award is a great honor and means that next year we have even higher expectations to meet! Congratulations to the Pow-Wow Committee for helping to make this year's Pow Wow such a great success.

The tribe has been notified about several sites which may contain Peoria affiliated artifacts as well as remains and work is being done to ensure that affiliation with the tribe can be verified. Other Native American Graves Repatriation and Protection Act work continues and consultation requests for unaffiliated items are being processed during this time.

I have met with Ted Schlueter from the Indian Health Service to discuss the plans to install bathroom facilities at the Peoria Schoolhouse. Once the archaeological survey is completed we can begin to move forward with the project. Once these facilities are in place we will be able to utilize the Peoria Indian School more actively and to help educate those in the area about the building's and the Peoria Tribes past.

The Tribe has begun working on the second phase of the Cultural Resources Fund which is being awarded to tribes by the Mica group in order to help fund cultural projects. This grant is a competitive grant and would help to fund projects which preserve the Peoria Tribe's cultural history and tradition as we move forward into the future.

Respectfully,

Logan Pappenfort
